Description

Get expert specialist knowledge in a virtual learning network in collaboration of the Oklahoma State Department of Health, The Perinatal Center and The Oklahoma State University Department of Obstetrics and Gynecology. The curriculum is designed to expand expertise in best practices and evidence-based care of high-risk pregnancies, including opioid and other substance use disorders.

Learning Objectives

- 1 Increase access to obstetric guidance
- 1 Increase access to obstetric guidance
- 2 Understand why most maternal deaths happen before or soon after the mother has given birth, usually within a few weeks or months postpartum.
- 2 Understand why most maternal deaths happen before or soon after the mother has given birth, usually within a few weeks or months postpartum.
- 3 Understand pregnancy and delivery complications
- 3 Understand pregnancy and delivery complications
