# **Hepatitis C ECHO - 2024**

## **Hepatitis C Cases Only**

December 3, 2024 12:00 PM  
Live Activity  
Online

### **Specialties**

All Specialties

### **Description**

Gain expert knowledge in a virtual learning network with a collaboration of the Cherokee Nation Health Services and Oklahoma State University Center for Health Sciences ECHO team. The curriculum is designed to increase primary care provider knowledge, skills, and self-efficacy in the prevention, screening, evaluation, and treatment of hepatitis C.

### **Learning Objectives**

- 1 Recall and summarize the key risk factors associated with hepatitis C infection and comorbid conditions such as substance use disorder, behavioral health problems and sexually transmitted diseases (HBV, HIV).
- 1 Recall and summarize the key risk factors associated with hepatitis C infection and comorbid conditions such as substance use disorder, behavioral health problems and sexually transmitted diseases (HBV, HIV).
- 2 Develop a comprehensive treatment plan for a patient diagnosed with hepatitis C, considering individual patient characteristics and the latest evidence-based guidelines.
- 2 Develop a comprehensive treatment plan for a patient diagnosed with hepatitis C, considering individual patient characteristics and the latest evidence-based guidelines.
- 3 Explain the diagnostic methods used in the identification of hepatitis C
- 3 Explain the diagnostic methods used in the identification of hepatitis C

### **Accreditation & Credit Designation**

#### **American Osteopathic Association**

The Oklahoma State University College of Osteopathic Medicine is accredited by the American Osteopathic Association to provide osteopathic continuing medical education for physicians.
