Online

Description

Get expert addiction specialist knowledge in a virtual learning network with OSU Center for Health Sciences addiction medicine ECHO team. The curriculum is designed to expand expertise in treating substance use disorders in the primary care setting.

Learning Objectives

1 Identify evidence-based pharmacological and psychosocial interventions for substance use disorders.
2 Explain the socioeconomic, cultural, and systemic issues that drive substance use disorder prevalence in Oklahoma.
3 Identify the demographic and health factors that contribute to the high demand for substance use disorder services in Oklahoma.
4 Explain how healthcare infrastructure, funding, and stigma contribute to treatment accessibility issues.

Accreditation & Credit Designation
