TOPICS & SPEAKERS

Proper Prescribing - The Appropriate Management of Opioid Therapy

Dennis James Carter, D.O.

Dr. Dennis Carter graduated from Oklahoma State University Center for Health Sciences and is board-certified in Osteopathic Family Practice. He is a dedicated physician with over three decades of experience in osteopathic medicine. He is currently employed at the Family Medical Center in Poteau, OK, and at Heavener Nursing Home, where he has been instrumental in providing compassionate care to patients. He is also an Adjunct Associate Professor of Family Practice at Oklahoma State University College for Health Sciences. His extensive career includes various leadership roles, such as Medical Director for several different kinds of healthcare agencies and facilities. Dr. Carter is a respected member of professional associations, including the American Osteopathic Association and the Oklahoma Osteopathic Association, where he has served on the Board of Trustees and as President. He is currently serving a second term as a Board Member with the Oklahoma State Board of Osteopathic Examiners. Dr. Carter's commitment to excellence in medicine and education makes him a valuable asset to the healthcare community.

Approach to Obesity in Children and Adolescents

Paul Dasari, M.D.

Dr. Paul Dasari, M.D., M.P.H., is a board-certified pediatrician and pediatric endocrinologist at the Oklahoma City Indian Clinic. He completed his medical education at Gandhi Medical College, India, followed by a Masters in Public Health from the University of North Texas. Dr. Dasari underwent his pediatric residency and pediatric endocrinology fellowship at the Oklahoma University Health Sciences Center. He is a member of several professional societies, including the Pediatric Endocrine Society and the American Academy of Pediatrics. Dr. Dasari has received numerous awards for his work, including the Best Outpatient Intern of the Year and the Outstanding Resident Teaching Award. He has published several research papers and has been involved in various grants and teaching activities throughout his career.

American Indian Health Equity & Workforce Development

Donald Warne, M.D., M.P.H.

Dr. Donald K. Warne, MD, MPH, is a renowned expert in Indigenous health research, academics, and education, serving as the Provost Fellow for Indigenous Health Policy and Co-Director of the Center for Indigenous Health at the Bloomberg School of Public Health, Johns Hopkins University. He holds a Doctor of Medicine from Stanford University School of Medicine, a Master of Public Health from Harvard School of Public Health, and a Bachelor of Science in Kinesiology from Arizona State University. Dr. Warne has received numerous awards and recognitions for his work, including developing the nation's first Master of Public Health with an American Indian Public Health specialization and the world's first PhD in Indigenous Health. He has over 50 peer-reviewed publications, has presented extensively both nationally and internationally, and has secured grants totaling over \$25 million.

Addressing Health Inequality in Pediatric Cancer: Measurement Strategies and Practical Solutions

I-Chan Huang, Ph.D.

Dr. I-Chan Huang, Ph.D., is a Full Member of the Department of Epidemiology & Cancer Control at St. Jude Children's Research Hospital in Memphis, Tennessee. With a background in health services research, Dr. Huang specializes in patient-reported outcomes (PROs) measurement and clinical application, focusing on pediatric medicine. He has led numerous research projects and received prestigious grants, including an NIH/NICHD K23 grant and NIH/NIAMS-funded U01 and U19 grants. Dr. Huang has published over 140 peer-reviewed manuscripts and presented extensively at international conferences. He has served on the board of the International Society for Quality-of-Life Research and is the Founding Chair of the Health Equity Working Group of the Cancer Control & Survivorship Program (CCSP) at NCI-designated St. Jude Comprehensive Cancer Center.

TOPICS & SPEAKERS

Utilizing Virtual Care to Extend Healthcare Access to Oklahoma's Rural Indigenous Communities

Bradley Anderson, D.O.

Dr. Bradley Anderson is an accomplished internal medicine physician currently serving as Associate Professor of Internal Medicine and Medical Director of Virtual Care at Oklahoma State University Center of Health Sciences. He earned his Doctor of Osteopathic Medicine from Campbell University School of Osteopathic Medicine and is working on his Master's in Healthcare Administration from Oklahoma State University. Dr. Anderson is board certified by the American Osteopathic Board of Internal Medicine and is licensed in Oklahoma and Missouri. With a focus on education, he mentors residents and medical students while providing high-quality medical care. Dr. Anderson's expertise includes ICU medicine, outpatient procedures, and leadership in multidisciplinary healthcare teams.

Food insecurity: From Bison and Wild Rice to Burgers and Fries

Mason Two Crow, D.O.

Dr. Mason Two Crow is a dedicated Family Medicine Resident in his second year at Choctaw Nation Family Medicine Residency in Talihina, Oklahoma. He earned his Doctor of Osteopathic Medicine from Oklahoma State University College of Osteopathic Medicine and holds a Bachelor of Science in Biochemistry and Molecular Biology from Oklahoma State University. Mason is passionate about community service and has been involved in various projects providing medical care to underserved populations. He has received numerous awards for his academic achievements and commitment to serving rural communities. Mason's research interests include studying the impact of social media on tribal youth.

SAVE THE DATE

2024 VIRTUAL PRIMARY CARE UPDATE

November 4–December 4, 2024

osu.cloud-cme.com | Work at your own pace!

20 AOA Category 1-A credits

20 AMA PRA Category 1 credits

Check in periodically with osu.cloud-cme.com and/or watch for emails on updates for additional conferences being added to the schedule!

ONLINE CME

Get immediate access to AOA Category 1 and AMA PRA Category 1 credits. Courses accessible 24 hours a day.

AOA Category 1 and AMA PRA Category 1 credit can be earned in the comfort of your own home or office by viewing/listening to online programs. The online CME program is a convenient way of meeting CME requirements.

Over a hundred of hours available and a variety of specialties covered.

How the program works:

1. Log in to osu.cloud-cme.com
2. Browse Enduring Credits
3. Purchase online courses and gain immediate access to the course.

ACCREDITATION INFORMATION

CONFERENCE OBJECTIVE

The conference goals are to examine the long-standing health care disparities and inequities that continue to face individuals who live in rural and/or indigenous communities.

At the conclusion of this activity, learners will be able to:

1. Understand long-standing health care disparities and inequities that continue to face individuals who are American Indian/Alaskan native or live in rural communities.
2. Explore systemic inequities, economic disadvantages, and environmental exposures that prevent individuals and their communities from achieving optimal health, leading to differences in health outcomes.
3. Understand the role of patient and community perspective, values and resources in the delivery of high quality health care.

AOA

The Oklahoma State University College of Osteopathic Medicine is accredited by the American Osteopathic Association to provide osteopathic continuing medical education for physicians. The Oklahoma State University College of Osteopathic Medicine designates this program for a maximum of 6 AOA Category 1-A credit(s), and will report CME and specialty credits commensurate with the extent of the physician's participation in this activity.

Osteopathic Specialty Credits

This conference is eligible for 1 Internal Medicine (AOBIM) specialty credit.

AMA Credits

The Oklahoma State University Center for Health Sciences College of Osteopathic Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Oklahoma State University Center for Health Sciences College of Osteopathic Medicine designates this live course for a maximum of 6 AMA PRA Category 1 Credit(s)[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Oklahoma State Board of Pharmacy

This program will be submitted for approval.

Oklahoma State Board of Licensed Social Workers

The Oklahoma State University Center for Health Sciences Office of Continuing Medical Education (20241999) is a board approved CE provider and designates this program for a maximum of 6 CE credit(s).

Oklahoma State Board of Examiners of Psychologists

Oklahoma State University is a board approved CE provider and designates this program for a maximum of 6 CE credit(s).

ACCREDITATION INFORMATION

Proper Prescribing Credit

Oklahoma State Board of Osteopathic Examiners (Osteopathic Physicians)

This program meets the requirements for approval of (1) hour of CME credit by the Oklahoma State Board of Osteopathic Examiners.

Oklahoma State Board of Medical Licensure and Supervision (Allopathic Physicians and Physician Assistants)

This educational activity meets the Oklahoma State Board of Medical Licensure & Supervision annual licensure renewal requirement for 1 hour of education in pain management or 1 hour of education in opioid use or addiction.

MATE Act - DEA

The lecture, 'The Appropriate Management of Opioid Therapy,' meets the new Medication Access and Training Expansion (MATE) Act requirements from the Drug Enforcement Administration (DEA) for training on substance use disorders. Providers planning to receive or renew their DEA registration can earn 1 hour towards their 8 hour MATE requirement by participating.

OSU DISCLOSURES

Oklahoma State University Center for Health Sciences, College of Osteopathic Medicine in compliance with Title VI and VII of the Civil Rights Act of 1964, Executive Order 11246 as amended, Title IX of the Education Amendments of 1972, Americans with Disabilities Act of 1990, and other federal laws and regulations, does not discriminate on the basis of race, color, national origin, gender, qualified disability, religion, sexual orientation, gender identity, veteran's status, genetic information, or age in any of its policies, practices, or procedures. This includes but is not limited to admissions, employment, financial aid and educational services.
